What We Do more than others?

Our Service not limited to simply advertising. We provide full supported service to you as well as your customers which bring a trust worthy relationship between you and your customers. Getmycastle.com offers a unique online estate agency providing a local service wherever you are.

An online presence is a vital component of a real estate professional's marketing strategy. Because today's consumers want accurate information quickly and conveniently, real estate professionals must harness the features and capabilities of online marketing to meet these ever-increasing needs.

Your Business can look as polished and professional

Online services in any industry only work if they are supported by an efficient service and 'Online Estate Agency' is no different. We provide perfect listing and statistical features of your property to reach your property details to the customers

We are committed to technology growth and the changes in the real estate industry.

- Provide agents with all the tools associated with the real estate office at a fraction of the price.
- Affording all the service vendors in the industry with a captured market of realtors through our website. These companies may market their products and services directly to GET MY CASTLE and its represented agents as long as we agree to their sales co-op.
- Offering clientele an avenue to list their properties without the expense of a full-service real estate company. This particular service has already been proven successful through other Internet-based companies.

We believe that;

- Our business can focus on expanding web services with a boundless growth potential.
- Our market may be directed to providing specialized real estate plans to all real estate agents.
- Our plan will focus on clients looking to sell real estate on their own.

Our Online Strategies

Our sales strategy is to automate the process so agents may apply for membership on the website. Our services are automated and profits are based on volume. The agent, to be competitive in our real estate market, will have to join our company or succumb to the industry change. We are leaving no choice but to conform to our way or vanish into the past.

- Keep record of housing properties available on rent or for sale and will work as connecting bridge between customer and property sellers
- The information of various properties in various locations can be accessible at one place.
- Provide platform to home line property sellers and buyers
- Will keep record of land, houses or flats available for sale or on rent with their rates and make this available to customers.
- User can access information and manage all the adding, updating, deleting the assets and some of its tasks.
- The admin user can update the information regarding property selling, buying and cancellation
- Useful for companies who develop apartments, villas, hotels, residential properties and commercial properties.
- Individual agents can also advertise their property

Establish your Service

Get My Castle is a Unique Solution for Real Estate Problems. The online real estate business is expected to improve gradually as our website brings transparency by providing high quality information about projects, believe industry experts. By increasing the quality and reliability of information available to end-users, we attempt to bring in greater transparency to the entire gamut of buying/selling properties. It is our constant endeavour to increase the amount of information listed about a particular property and to avoid spam or incorrect listings.

You Dream, We Give and You Benefit

- Selling homes online provides fast results and quick cash. It is believed that listing a property online starts giving results within a week of registering.
- As the internet provides a huge number of buyers, sellers have the benefit of comparing between the buyers, the prices offered by each one of them, and then take the decision appropriately.
- Listing the property on internet caters to a wide audience; it is not only limited to local market but to a global audience, therefore enhancing the chances of good returns on the property.
- Selling property online is much quicker than the traditional way of selling and it also provides the option of uploading photos and videos to allure the buyer.

Achieve Your Goals

Our strategy for achieving goals consists of six major points:

- Establish an extensive public relations campaign.
- Develop a user-friendly website to promote realtor services.
- Deliver superior sales through technology.
- Provide high quality customer service.
- Provide inexpensive answers for servicing the real estate industry through automation.
- Offer competitive pricing on all services.

GET MY CASTLE
REALTY OF REAL ESTATE

We are, simply put, "the future of real estate" .
We believe this will revolutionize the real estate industry.

Our place in the market has put us in a position to literally change the real estate industry forever. If you look at our projections, we can accomplish this and still generate astronomical profits from the deal. The mission of GET MY CASTLE is to change the way we all do business in real estate by reducing the expense of a traditional office and replacing it with a virtual real estate office using the Internet. We are literally saving real estate agents, which will increase their profits and put them in a position to underbid all other conventional realtors in the commissions charged to consumers, ultimately saving the consumer on the sale of the property.
